

# Republican National Committee

## Project

RNC Studio

## Application

Upgrade to HD using  
PA1600Lite

## Technology At Work

**PatchAmp** 1600 Lite System and 16 PA901 3G HD Modules

**NewTek** Tricaster 300 video production switcher

**Sony** HD Cameras

**BlackMagic** Analog to SDI mini converter

The Republican National Committee has recently upgraded to HD using PatchAmp's [PA1600Lite System](#). The PA1600Lite offers 16 1-in by 4-out channels in a compact design making it a cost effective solution-for smaller installations. The switch to HD was quick and simple allowing RNC to broadcast high definition quality after installation.

The [Republican National Committee](#) is a U.S. political committee that provides national leadership for the Republican Party of the United States. It is responsible for developing and promoting the Republican political platform, as well as coordinating fundraising and election strategy.

PatchAmp Systems Integration Group provides services for new projects, upgrades and modifications for television facilities and vehicles. We provide cable fabrication, off-site pre-assembly, onsite installation, system design and documentation as well as complete turnkey solutions
